Advanced Management Programme

**EXECUTIVE
EDUCATION** 

ADVANCED MANAGEMENT PROGRAMME

AMP

Course Overview

AMP is a course suite from where you gain a rigorous and analytical understanding of strategic management and broaden your understanding of the business world. You can immerse yourself in a world of leading business minds and industry experts to meet the demands of today's markets.

The guiding purpose of the Advanced Management Program (AMP) is to deepen the ability of experienced executives to make significant and systemic changes in their companies and the world.

As a participant, you will have:

- The latest insights on cutting edge topics.
- Learn alongside experts from diverse industry backgrounds
- Opportunities to deepen and hone your skills in the critical areas of Leadership, Change Management, Strategy, Sustainability, Innovation and more.
- A unique climate and sense of belonging to a profound network of participants and alumni from around the world
